

COMPENSATION PLAN

AMP 2017 Compensation Plan

Welcome to the Associated Marketing Program (AMP), powered by Voltage Partners, Inc.!

As an AMP Associate, you have a unique opportunity to own your own international mobile app and game storefront. And, in addition to the storefront, all AMP Associates are automatically placed in and benefit from a simple, but powerful, forced compressed matrix compensation plan. Welcome to the AMP family!

Become an AMP Associate

Starting your AMP storefront can't be any easier. Simply pay a ONE-TIME setup fee of \$49.99 and you're in the game! After that, pay a low monthly licensing fee of \$49.99. That's it.

Three Ways to Earn with AMP

There are three ways to earn money in AMP.

One, as you market the AMPHub, AMP receives revenue. 100% of the revenue AMP receives is given to AMP Associates.

Two, as you bring more people into AMP, they are placed under you in a matrix. The more people you bring in, the more you earn. The more people they bring in, the more you earn.

Three, you earn from every retail subscription you sell and every retail subscription your team sells. The AMPHub "ad-free" game play option retails for \$10.99 a month.

Matrix

When you activate your storefront, you are immediately placed in AMP's 3 x 9 compensation plan which is a *forced compressed matrix*. That means, when you're fully qualified (personally enroll 3 AMP Associates into the business), it pays 3 levels wide and 9 levels deep. In a 3 x 9 matrix, each level triples in size starting with 3 Associates on your first level, 9 on your second level, 27 on your third level, 81 on your fourth level, and so on. So, what does "forced" and "compressed" mean?

Forced means that the next available spot in your matrix is automatically filled by the newest AMP Associate—a spot which may be filled by an AMP Associate above you! And compressed means that when any AMP Associate in your matrix goes inactive for more than 60 days (i.e., missing two consecutive monthly payments), the matrix compresses and fills that inactive spot. There are no permanent holes in your matrix. No holes in your matrix means potentially more money in your pocket!

Maximizing your AMP Compensation Plan

Maximizing your potential earnings—or being “qualified” to earn through all 9 levels—is simple. All it takes to maximize your FIRST storefront is three active Associates. An active Associate is one whom you have personally sponsored and is current with their monthly licensing payment. One personally sponsored and active AMP Associate unlocks the first three levels of your matrix (levels 1, 2, and 3). Your second personally sponsored and active AMP Associate unlocks your next three levels (levels 4, 5, and 6). And your third personally sponsored and active AMP Associate unlocks your last three levels (levels 7, 8, and 9). Simple. Of course, the more you

sponsor, the better. But all you need is three active AMP Associates to unlock all nine levels—in your FIRST storefront. Boom!! (Note: You will need three active AMP Associates in any of your storefronts in order to unlock all 9 levels)

That’s right, we said FIRST storefront. But who wants only one storefront for one of the planet’s fastest growing industries? With AMP, once the first three levels of your first storefront are full with 39 active AMP Associates (which only requires one personally sponsored and active AMP Associate from you), you can start a SECOND storefront and have another nine levels. And if that’s not enough, once the first three levels of your second storefront are full with 39 active AMP Associates, you can start a THIRD storefront. That’s three global 3 x 9 forced compressed matrix storefronts. KA-BOOM!!!

AMPHub "Retail" Sales

Earn a monthly \$2.00 commission for each active "ad-free" game play subscription you sell personally. Earn a monthly \$1.00 commission for every "ad-free" game play subscription your "personal team" sells. (Your "personal team" are the people you have sponsored into AMP). You are not required to build a team but you must be an AMP Associate to have the ability to sell AMPHub "ad-free" game play subscriptions.

Ad Network

Fully integrated into the AMPHub is an Ad Network. For every free user personally connected to you with the AMPHub is a potential payout. Each time someone personally connected to you views an ad, you get paid.
